

BALTIMORE CITY BELONGS TO US, NOT CORPORATE INTERESTS.

Vote **AGAINST QUESTION H** this election!

WHAT'S HAPPENING?

In Baltimore, we believe representation matters! Corporate interests are trying to take power away from the people by shrinking the number of seats on the Baltimore City Council from 14 to 8, making our City government less fair. **We must defeat Question H!**

WHAT'S AT STAKE?

Baltimore City is strongest when we give people a voice. City residents deserve strong constituent services, responsive elected officials, and a fair system that represents all residents.

Fewer City Council districts would make each district much bigger, meaning **each Councilmember would represent many more residents, making it harder for Councilmembers to serve their district.**

Larger districts would also limit the electoral power and political influence of Black and lower income residents, and make running for office harder and more expensive, giving power to wealthy donors. **As a result, our Council would become less diverse and more dependent on special interests.**

WHO IS BEHIND QUESTION H?

Multimillionaire David Smith, hiding behind a committee called "PEACE Baltimore," is pushing for passage of Question H. **David Smith is Chairman of right-wing media conglomerate Sinclair Broadcasting — including Fox45 News — and is the sole funder supporting Question H. He doesn't share our vision for a thriving Baltimore, and he doesn't even live in the city!** But he is using his wealth to take away our power and gain political control over our City Council.

Question H Charter Amendment via Local Petition Reducing the Size of the City Council

Question H is for the purpose of amending Art. III, Sections 2 and 7 of the Charter to reduce the number of Baltimore City Council districts from 14 to 8. If the number of City Council districts is modified by an approved Charter amendment, the Mayor shall prepare a plan for Council redistricting based on the most recent census. The Mayor shall present the plan to the City Council not later than the first day of February of the first municipal election year following the approval of the Charter amendment.
